

Reception class newsletter

Week ending 17th March 2023

Chicks special!

Reception class has been a very exciting place this week! On Monday we received a special delivery of 10 'Living eggs' and an incubator. We were delighted on Tuesday to witness the first two of our eggs hatching. It was simply breathtaking! The children were captivated by the sight of the tiny chicks breaking out of their shells. What an amazing thing to see! Since then we have been lucky enough to have a total of eight eggs hatch.

Please rest assured that the company who provide our eggs (Living Eggs) are committed to ethically rehoming the chicks at the end of next week. Until then we are looking forward to watching our fluffy little bundles grow!

The other highlight of the week was our Mother's Day liturgy. Thank you so much for attending. We're sure you'll agree that our little ones sang beautifully. We are so proud of them!

Happy Mothers Day to all of our loveky Mams, love from Reception Class!
