

## Reception class newsletter

Week ending 31<sup>st</sup> March 2023

What a busy end to the term it's been. The children thoroughly enjoyed our gymnastics event at the Urban Factory on Tuesday and as always, they made us very proud by behaving beautifully. All of the children agreed that their favourite activity was the big, bouncy, inflatable trampoline. They were active for almost two solid hours and everyone was ravenous for lunch when we got back to school!

We finished our RE topic 'Growing' this week with a child planned liturgy. The children have learned all about growing in love to become more like Jesus

**during Lent and have tried really hard to be caring, helpful and sharing in school. We do hope that you've seen evidence of this at home as well!**

**We've had a real blitz on phonics this week to get all of the Spring term sounds covered. Please check in your child's blue phonics file to see what we've learned this week. If you fancy doing some phonics homework during the holidays, don't forget that you have access to the Floppy's phonics online resources.**

The Reception team would like to wish all of our families a happy and Holy Easter. We hope you enjoy lots of family time and hopefully some lovely weather too! See you all on April 17<sup>th</sup>.
