

Year 2 Summer term newsletter

Year 2 have worked so hard this term!

We have enjoyed learning about the continent of Africa and have been reading Handa's surprise. We discovered that Handa is from a country in Africa called Kenya. We have compared Kenya to England and there are some similarities but many differences.

In Maths, we enjoyed learning about mass and capacity. We can use scales to measure items in grams and kilograms. We can also fill up containers and read how many millilitres and litres they hold.

The children have particularly enjoyed our History lessons. We have been learning about the Great Fire of London!

Ways to support your child at home:

1. Practise times tables by accessing TTRockstars

[Times Tables Rock Stars – Times Tables Rock Stars \(trockstars.com\)](https://trockstars.com)

The pupils all have a log in for this which is stuck in the front of their homework books

2. Keep up with reading at home. Ask your children to answer questions about what they have read. You could even encourage them to do a book review after they have read the book.
3. Homework will contain the weekly spellings. Practise these by using the worksheet provided and by getting the children to log on to Spelling shed. Again, the logins are in the front of the homework book.
