

English

Children will learn to:

In most writing, lower case letters are correct in size and formation, distinguishing between ascenders and descenders. Write from memory simple dictated sentences, including words using the GPCs and common exception words taught so far.

Begin to use new suffixes (ing, ed, er) and the prefix 'un'. Use a range of story language in their own writing.

Write a simple, short narrative, structured into 3 parts. Describe a noun using appropriate adjectives. Begin to use simple planning tools to support structure. Begin to experiment with word choice and sentence openers. Discuss what has been written with a teacher.

Experiment with varied punctuation such as exclamation and question marks.

Write in sequence using words to signal time (e.g. first, next, after that, finally)

Maintain past tense in writing.

Recognise nouns as names for objects, people and places and use them appropriately.

Understand the job of an adjective, use WOW adjectives.

Maths

Children will be learning:

Addition and Subtraction within 20: To add numbers within 20. To subtract numbers within 20. To complete missing number problems.

Place Value within 50: To count from 20 to 50. To partition numbers into tens and ones.

Length and Height: To measure lengths and heights.

Mass and Volume: To measure mass and weight.

Year One
